

## **Inn on Fifth Undergoing New Round of Renovations**

*Latest Renovation Project includes Boardroom, Spa, Pool Deck and More*

NAPLES, Fla. (November 23, 2015) – The Inn on Fifth and Club Level Suites in downtown Naples, Florida is undergoing a new round of renovations at the landmark 87-room boutique hotel. Scheduled for completion in early 2016, the nearly \$2 million project is the latest in a series of major renovations that began with the hotel’s \$22 million expansion in 2012. The project encompasses a number of dramatic enhancements to the spa and meeting and public spaces, as well as some operational improvements.

“It’s imperative we continue to make any upgrades and improvements needed to maintain the new standard of luxury we’ve created on Fifth Avenue,” said Phil McCabe, owner of The Inn on Fifth. “This current project addresses a few specific areas that will enhance the overall guest experience for what I believe is arguably one of Naples’ best luxury products.”

Renovations currently underway include the Inn on Fifth’s executive boardroom, which is being expanded in size and redesigned to match the hotel’s elegant style, and will incorporate a number of technology upgrades. When completed, the boardroom will feature recharging outlets equipped for multiple devices at every table, increased bandwidth for the complimentary Wi-Fi and interactive large screen TVs. Located on the ground floor of the Inn on Fifth, the executive boardroom is a popular option for smaller group meetings and functions for up to 40 people.

Already completed in this phase of renovation is the redesign of the hotel’s pool deck, with new landscaping and accents to heighten the tropical vibe of the colorful rooftop retreat. Ideal for sunning, swimming or soothing relaxation, the 3,600-square-foot pool deck also provides a beautiful setting for receptions, retreats or other evening functions under the stars.

Also completed is an extensive remodeling of the award-winning Spa on Fifth, located on the hotel’s third floor. The full-service spa now has all-new interiors, including new paint and flooring, and contemporary design elements matching the sophisticated look of the hotel. The spa’s treatment menu also received an upgrade with several new luxurious options, including the Good As Gold Facial (\$145), 60-minute anti-aging treatment that includes a deep pore cleaning, exfoliation and a collagen mask infused with pure 24 karat gold. The renovation project also includes new elevators, which were installed in October, and new office space, allowing the sales and marketing team to better serve guests.

Located in the heart of downtown Naples, the Inn on Fifth features 119 luxurious rooms, including 32 Club Level Suites, in two iconic buildings, just steps from one another across Fifth Avenue. The hotel's enviable location puts guests in the middle of a celebrated collection of award-winning shops and restaurants, including the new Avenue5 restaurant, Truluck's Seafood, Steak and Crab House, and the Spa on Fifth, which are all located at the Inn. Guests can enjoy an easy stroll or take complimentary transportation to the white sand beaches of the emerald Gulf, just a few short blocks from the property.
